Chair of Comparative Politics
Seminarstraße 20 ⋄ 49074 Osnabrück

Research Interests

My interests cover a range of topics in Comparative Politics. I study political attitudes and behavior in the context of contention, political violence, and autocratic politics. In my research I mostly rely on causal inference designs using observational data as well as survey experiments.

Education

Doctoral Candidate, Political Science   Since 2021
Osnabrück University

M.A., Political Science   2021
Osnabrück University

B.A., Political Science and Economics   2019
